

Safety First

(May)

During May we did Safety demonstration for working at height for all our facility's cleaning crew. They put on safety harnesses and were shown how to work safely above 2 meters. The ladies had an opportunity to put on the safety harnesses along with a safety instructor went up about 6 meters in the air.

Wagner Asia conducted its first aid training class with the Mongolian Red Cross Chingeltei District. All first aid students were trained for 5 days on first aid emergencies. Each graduate of the of the class received a red cross training card, red cross pin and first aid booklet. These first aid students will serve as WAE's first trainers in first aid and will be conducting each department for first aid training. Please contact any of the first aid graduates if you need their services.

“Safety First, Safety Foremost!”.
Glen Cronan.
